COVID-19 BOOSTER DOSES

- New boosters are now available to provide increased protection against Omicron variants
- It is a one-time dose booster that is **available at CHC now**

When do you get the updated booster?

- At least **2** months after your last COVID-19 dose
 - either a booster dose or your primary series

Who should get the updated booster?

- People age **5 and up** are eligible for the **updated Pfizer booster**.
- People age **6 and up** are eligible for the **updated Moderna booster**.

For more information, contact the
Choctaw Health Center at 601.389.4500

PATIENTS AND VISITORS

**FOLLOWING NEW CDC GUIDELINES,
MASKS ARE NOT REQUIRED
BUT ENCOURAGED AT
CHOCTAW HEALTH CENTER.**

**Please consider wearing a mask if you
have respiratory illness symptoms
which may include fever, sore throat,
coughing, sneezing, stuffy or runny nose.**

Cover your mouth and nose with a tissue when you cough or sneeze. Put your used tissue in the waste basket.

If you don't have a tissue, cough or sneeze into your upper sleeve or elbow, not your hands.

You may be asked to put on a facemask to protect those around you.

Wash hands often with soap and warm water for 20 seconds. If soap and water are not available, use an alcohol-based hand rub.
